ABOUT MECCA INDUSTRIES

Our organisation was established in the year 1977 with a vision to develop products which are safe to use and complies with all the prevalent national as well as international quality standards. Our group constantly endeavors to follow the principles of CARE, COMPASSION & TRUST set by our founding members. Today we are reputed for manufacturing quality disposable devices covering varied fields in the healthcare sector like **Parenteral drug delivery system, Blood Bank equipment, Urology and Gastro-Enterology, Transfusion & Dialysis, Anesthesia, Gynecology and General Surgery products.**

Our Vision

An organisation whose people & products exude care, compassion & trust towards its customers, business partners and the society at large

Our Mission Statement

To be an organisation whose employees strive for growth and values the contribution made by its founding members, through always keeping in mind the health and safety of users of its products and thus satisfying the growing needs of the healthcare industry and its customers. We contemplate our-selves to be the front runner in the march towards undisputed leadership in the field of **MEDICAL DISPOSABLES**, by our proven ability to offer **QUALITY PRODUCTS** which have undoubtedly won the **TRUST** of our **CUSTOMERS**. We believe healthy competition will offer us the **OPPORTUNITY** to demonstrate our Superiority & will encourage us to take on Challenges to gallop.

Quality

We are a WHO GMP compliant company with manufacturing facilities, processes & products being certified with ISO 9001: 2000, ISO 13485 and CE mark certification.

The products marketed by Mecca Healthcare are **developed under one roof** and the assembling and processing area being covered under Class 10,000 clean room facilities.

Our diligently implemented quality control systems comprising of physical, chemical and biological tests insure uncompromised quality products.

LifeGuard®

LifeGuard® NV

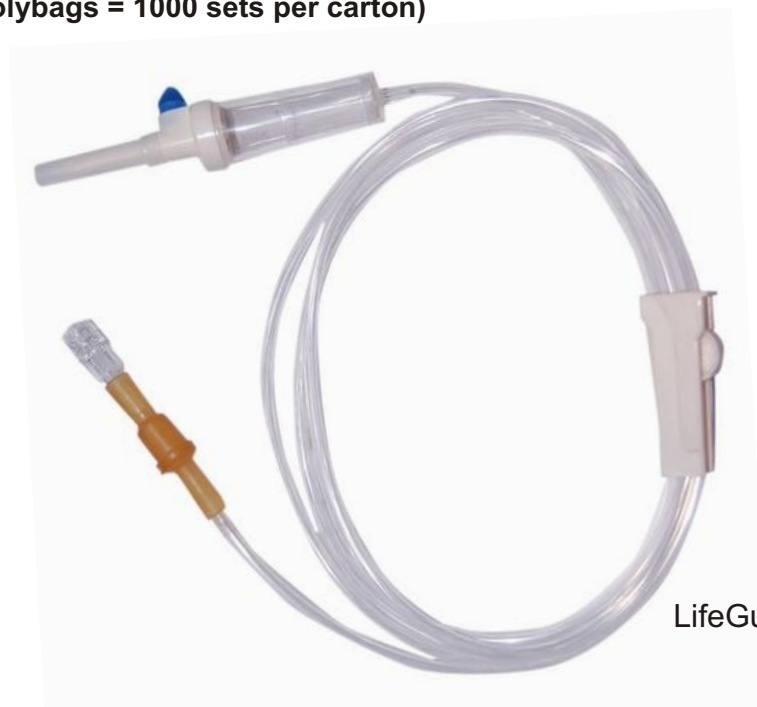

LIFEGUARD®

(Non Vented & Vented Infusion Sets with LUER LOCK)

Product Code : LG NV (non vented set) / LG V (vented set)

Product Specifications

- Confirms to international standards
- Extra strong Spike with / without air vent.
- Provided with **LUER LOCK**.
- Cylindrical collapsible chamber with filter facilitates rapid adjustment of fluid level.
- Disc filter in drip chamber.
- Kink resistant non-toxic medical grade P.V.C. tubing.
- Strong roller clamp with a provision to hold the tube for changing the fluid container without disturbing the flow rate.
- Extra thick self sealing latex bulb.
- E.T.O. Sterile and Pyrogen Free.
- All parts of the product **made under one roof**.
- Sterility confirmed by a Series of tests.
- Independently packed, with 50 Sets in one Polybag & 20 such Polybags in one Carton :
(50 set x 20 Polybags = 1000 sets per carton)

Infusion Devices

MECAFIX M (Micro Infusion Set):

Product Code: MECCA I / MS-07

Product features

- Drop size: 50-60 drops per ml.
- Extra strong Spike.
- Transparent, cylindrical collapsible drip chamber with Nylon fluid filter.
- Kink resistant, Non-toxic, Medical grade P.V.C. Tubing.
- Efficient roller controller for better flow control.
- E.T.O. Sterile, Non-Toxic and Pyrogen Free.
- The sets are ideal for pediatric patients and those admitted in ICCU, ICU, & CRITICAL CONDITION patients.
- Independently packed with 50 sets in one Polybag and 10 such Polybags in one Carton:
(50 sets x 10 Polybags = 500 Sets per Carton)

MECAFIX BT (Blood Transfusion Set)

Product Code: (MECCA I / BTM-08)

Product Features

- Cylindrical drip chamber provided with B.T. Filter to prevent passage of any clot into the patient.
- 18 G Vein Needle for smooth flow.
- Efficient roller controller for accurate adjustment of infusion rate.
- Individually packed in HM bag.
- Latex Bulb of natural rubber for extra medication.
- E.T.O. Sterile, Non-Toxic & Pyrogen Free.
- Individually packed with 50 Sets in one Polybag and 8 such Polybags in one carton:
(50 Sets x 8 Polybags = 400 Sets per Carton)

Infusion Devices

MECA DRIP

(Measured Volume Fluid Infusion Set) :

Product Code: (MECCA I / MVT-10) for 110 ml. & (MECCA I / MVF-11) for 150 ml.

Product Features

- Large calibrated specially designed PVC chamber of 150ml / 110 ml.
- Soft and Straight drip chamber made out of medical grade PVC.
- Roller type flow controller provides accurate flow control.
- 10 drops per ml with 21g needle and filter having a 200 µm pore size.
- Individually packed in HM bag with “tear-hear” facility: 10 Sets in one inner box and 10 such boxes in one outer box

(10 sets x 10 inner boxes = 100 sets in one box)

SCALP VEIN SET

Product Code: MECCA I / SV-01

Product Features

- Scalp vein set is designed to provide rapid venous access with greater patient comfort during infusion.
- Colour coded Butterfly wings for better fixation and easy size identification.
- Short beveled siliconized vein needle provides better flow rate and trauma free cannulation.
- Tube Length : 30 cms.
- Individually packed in Blister packing.
- **Needle Size:** 18,19,20,21,22,23,24,25 G.
- **Packing :** 50 pcs in an inner box

General Medical Disposables

SUCTION CATHETER

Product Code: MECCA GMD / SC-10

Product Features

- For removal of secretion from trachea and bronchial tube.
- Smooth, non-toxic, non-irritant, flexible, medical-grade PVC tube.
- Distal end is smoothly rounded with two lateral eyes to avoid trauma during suction of **Oro-bronchial secretion**.
- **Universal Colour coded connector** for easy size identification.
- Individually packed in straight peelable medicated paper pouch.
- **Size** : FG - 6, 8, 10, 12, 14, 16 & 18.
- **Packing** : 100 pcs in an inner box.

RYLES TUBE

Product Code: MECCA GMD / RT-03

Product Features

- Specially designed for patient undergoing long-term **gastro intestinal feeding, aspiration and intestinal secretion**.
- Closed Distal end with metallic balls sealed into the tube to assist the passage of tube during intubation.
- Soft & kink resistant PVC tubing.
- Four lateral eyes at distal end for aspiration and administration.
- Tube with radio opaque line is marked at 50cm, 60cm and 70 cms from tip for accurate placement.
- Length: 105 cms.
- Individually packed in peelable medicated paper pouch.
- **Size** : FG - 8,10,12,14,16,18 & 20 .
- **Packing** : 50 pcs in an inner box.

INFANT FEEDING TUBE

Product Code: MECCA GMD / FT-02

Product Features

- For **Neonatal and pediatric nutritional feeding**.
- Distal end is coned with two lateral eyes.
- Sterile, Non-Toxic and Pyrogen Free.
- Smooth, non-toxic, non-irritant, flexible, medical-grade PVC tube.
- **Radio opaque line** runs through out its length.
- **Colour coded connector** for easy size identification.
- Individually packed in peelable medicated paper pouch.
- **Size** : FG - 5, 6, 7, 8, 9 & 10.
- **Packing** : 100 pcs. in an inner box.

INFANT MUCUS EXTRACTOR

Product Code: MECCA GMD / ME-01

Product Features

- Specially designed for aspiration of secretion from Oropharynx in newly born babies to ensure free respiration.
- Clear transparent container permits immediate visual examination.
- Suitable for obtaining mucus specimen for micro-biological examination.
- Spare plug cap is provided to seal the container.
- Soft and kink resistant tubing with frosted surface.
- Individually packed in peelable medicated paper pouch.
- Capacity : 20 ml.
- E.T.O. Sterile, Non-Toxic and Pyrogen Free.
- **Packing** : Inner Laminated Box of 40 Pcs.

UMBILICAL CORD CLAMP

Product Code: MECCA GYN / UCC-01

Product Features

- Designed for clamping the Umbilical Cord immediately after birth.
- Manufactured from Non Toxic Medical grade ABS material.
- Security lock to prevent accidental re-opening after clamping.
- Packed in Peelable medicated paper pouch.
- E.T.O. Sterile, Non-Toxic & Pyrogen Free.
- **Packing** : Box of 150 Pcs.

Urology Products

URINE BAGS

Product Code: MECCA GMD / UBM-07

Product Features

- For short and long term urine Collection.
- Soft and kink resistant PVC tubing with frosted surface.
- Manufactured from flexible and ultra soft PVC film with non-return valve.
- Made of medical grade PVC.
- CAPACITY - 2000 ML.
- Conical connector with cap.
- **Packing** : 10 pcs in an inner poly bag & 45 such bags in a box = 450 pcs per box.

MALE EXTERNAL CATHETER

Product Code: MECCA UR / MEC-01

Product Features

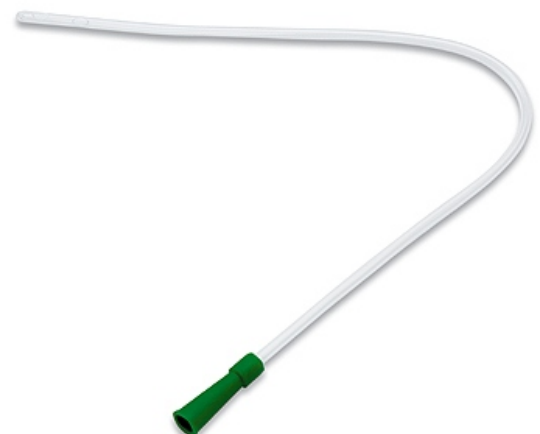

- Penile Sheath / External catheter, provided with self adhesive coated strip for proper fixation on to the penis.
- Proximal end is designed for easy connection to urine bag.
- Individually Sterile packed in medicated paper pouch and ready for use.
- **Size** : Small/Medium/Large/Extra Large
- **Packing** : 50 pcs in an inner box.

NELATAN / URETHRAL CATHETER

Product Code: MECCA UR / NC-02

Product Features

- Manufactured from non-toxic, non-irritant PVC compatible with catheter lubrication.
- Perfectly finished, electronically coned, distal end for smooth, painless insertion
- Two lateral eyes for efficient drainage.
- Universal funnel shape connector for easy connection to any urine bag .
- Colour coded connector for easy size identification.
- Individually Sterile straight packed in medicated paper pouch and ready for use.
- Length: 40 Cms.
- **Size** : FG - 6, 8, 10, 12, 14, 16, 18, 20 & 22.
- **Packing** : 100 pcs in an inner box.

DISPOSABLE FACE MASK

- **Disposable Pleated surgical face mask** with flexible metal nose piece that enables the mask to conform to the face creating a positive facial look.
- Available in 2 Ply / 3 Ply layer non-woven fabric that is **fiber glass free, non-irritating, non-allergic and latex free.**
- Available with **ear-loops** or **tie** on type fitting.
- Filters airborne particles to provide **98% Bacterial Filtration Efficiency (BFE)** at the small 3 micron particle size and over 99% at the 5 micron particle size.

DISPOSABLE BOUFFANT CAPS & SURGEON'S CAPS

- Constructed of durable spun bonded polypropylene material, that provides effective fluid protection.
- Light weight for a cool, comfortable fit & Deep Ventilated Crown.
- Excellent for hair constraint, cap is secured with soft elastic headband.

DISPOSABLE GOWN

- Outstanding protection against infectious agents.
- Full front and back Coverage.
- Available in Spunlace material for comfort or **Sontara® (DuPont)** for extra protection.
- **Knitted cuffs** for increased comfort.
- Sleeves are attached securely for strength and reliability during use
- Reinforced ties and **velcro neck** closure ensure comfort and ease of use.

HIV KIT

- Contains **Gown, Mask, Surgeon cap, Latex gloves & Shoe Cover** individually packed protects full body.
- **Custom made kits are also available**
- Made out of medical Grade **non-woven fabrics.**
- Designed to prevent Infections & **Protect medical staff**
- **ETO Sterile & Pyrogen Free**

SURGEON'S KIT

- Made out of **Sontara® (Dupont)** medical grade disposable material.
- **Best cloth available in its class, 'Preventing During surgery infections'**, suitable for **long term usage.**
- Contains **Disposable Gown, Head Apron, Leg cover, Latex Gloves Pair, Safety goggles & Mask.**
- **E.T.O. Sterile & Pyrogen Free.**
